

## In-service training course

# Powder Formulation:

## Design principles, Characterisation and Processes

October 26 - 28, 2022

At Hotel Phoenix Copenhagen  
in the Heart of Copenhagen, Denmark

**Possibility to  
join online**

## Outcome

Through presentations, exercises and plenum discussions participants will acquire solid knowledge of powder formulation - i.e. what are the challenges and possibilities and what you as formulator should be aware of regarding powder characterisation and process decisions.

## Main subjects taught in the course

(see also last pages of flyer for the detailed program)

- Particle technology basics relevant for powder properties
- Powder characterisation & powder sampling
- Design principles for powder handling
- Powder product formulation guidance and case stories
- Powder product stability and shelf life evaluation
- Powder processes and the influence of formulation:
  - Spray and freeze drying
  - Fluid bed drying, coating and agglomeration
- Powder blending and segregation issues

## Target group

The course addresses technicians as well as formulators and process engineers working in the chemical, pharmaceutical, biotech and/or food industry with manufacture or development of powder products.

## Form

The course runs for three consecutive days with alternating presentations, exercises and plenum discussions. The course is held in English.

## Social event

On the afternoon of the first day the participants are invited to dinner at a nearby restaurant in the heart of Copenhagen.

**Registration and further information: Please see the next pages**

# Powder Formulation:

## Design principles, Characterisation and Processes

October 26 - 28, 2022

### Teachers

**Søren Vinter Søgaard, M.Sc. (Pharm.), Ph.D.**

- Pharmaceutical Formulation Scientist
- Speciality in flow-ability, segregation and compaction properties
- Teaching experience from School of Pharmaceutical Sciences, University of Copenhagen

**Peter Dybdahl Hede, M.Sc. (Chem. Eng.), Ph.D.**

- Head of R&D in industrial particle technology and powder product formulation
- Teaching experience from The Danish Society of Engineers, Technical University of Denmark and numerous service training courses in particle technology
- Co-founder of seydlitz.dk. Provides in-house seminars and consultancy in powder technology

(Guest speakers)

**HOSOKAWA  
MICRON B.V.**

**AURORA  
NORDIC**

### Venue

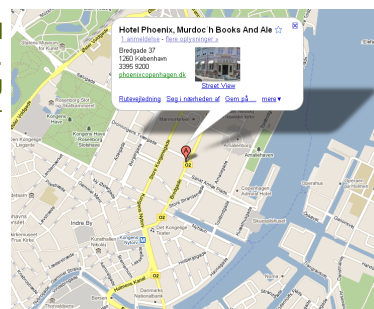

Hotel Phoenix Copenhagen is a 4-star deluxe hotel housed in one of Copenhagen's historic buildings. Situated in central Copenhagen, near Amalienborg Palace, just a few metres' walk from Nyhavn, Kongens Nytorv, Strøget and other sights.

Address: **Bredgade 37, DK-1260 Copenhagen K, Denmark**

Telephone: **+45 33 95 95 00**

Booking & service: **bookphoenix@arp-hansen.dk**

### Fee

The course fee is payable in advance and includes course materials, calculator, coffee & refreshments, lunch all three days and dinner on the first evening.

**Physical presence:** Per person EUR 2145,- plus VAT. VAT is reclaimable.

**Online Presence:** Per person EUR 1975,- (No VAT is charged)

Overnight stay at the delegates own expense can be arranged at the course venue or elsewhere nearby. Please contact Hotel Phoenix Copenhagen at **+45 33 95 95 00** or **bookphoenix@arp-hansen.dk**.

Kindly note that Copenhagen is a very popular destination and that Copenhagen hotels may be fully booked well in advance.

### Registration

Binding registration at **www.seydlitz.dk** under "**Courses**" no later than 1st of October 2022. In case of any questions please contact **Info@seydlitz.dk** or phone **+45 44 10 87 00**.

# Powder Formulation:

## Design principles, Characterisation and Processes

October 26 - 28, 2022

### Course contents

#### Day 1: Subject

10.00 - 10.15	Course introduction
10.15 - 11.00	Particle size and particle shape, Particle size measurement - principles and equipment
12.00 - 13.00	Lunch
13.00 - 13.30	Influence of particle size and shape on different powder product properties
13.30 - 14.45	Characterisation of powder flow properties
14.45 - 16.00	Design of equipment for powder handling
18.30 - 21.30	Course dinner in Central Copenhagen

#### Day 2: Subject

9.00 – 10.30	Introduction to powder formulation, stability and powder product shelf life How can different industries learn from each other?
10.30 – 12.00	Powders and tableting, Process Analytical Technology - presented by
12.00 – 13.00	Lunch
13.00 – 14.00	Moisture in air - introduction to drying processes
14.00 – 16.00	Drying processes and drying process equipment - presented by

# Powder Formulation:

## Design principles, Characterisation and Processes

October 26 - 28, 2022

### Course contents - continued

Day 3:	Subject
9.00 - 11.00	Formulation and process development of tablets for the pharmaceutical industry
11.00 - 12.00	Powder sampling - theory and practice, Particle blending and segregation issues,
12.00 - 13.00	Lunch
13.00 - 13.30	Equipment and processes for powder blending
13.30 - 14.30	Introduction to granulation processes; coating and agglomeration - influence on product properties
14.30 - 15.00	Discussion: Common problems in powder formulation development: When things are not as they should be...
	How can we help each other? Discussion in plenum of case examples and specific formulation problems raised by the course participants.
15.00 - 16.00	Plenum case: How can we rethink an existing powder platform?
	Group case : Instability of food product component: How to overcome a challenging stability issue
16.00	Final remarks, Course evaluation
